PROFESSIONAL SUMMARY

Software Project Manager and Scrum Master with 6+ years of experience, combining hands-on Flutter engineering with Agile delivery leadership. Turned around 10 delayed cross-platform projects in 3 months (70% backlog reduction), led teams of up to 25 developers across 6 concurrent projects, and shipped 25+ mobile applications.

PROFESSIONAL EXPERIENCE

Software Project Coordinator | qTech

Jun 2026 – Present

- Coordinate delivery across 6 concurrent projects and 25 developers, aligning timelines, priorities and resources with business goals.
- Act as the main client contact, managing expectations and restoring trust through transparent communication.
- Introduced a task prioritization framework and daily progress tracking, increasing delivery speed and reducing recurring bottlenecks.
- Serve as Scrum Master: run sprint planning, daily stand-ups, reviews and retrospectives, and coach the team on Agile practices.
- Refine the backlog with clients and product owners, turning requirements into prioritized user stories, and remove impediments early.

Software Project Manager | Code7x

Apr 2025 – May 2026

- Turned around 10 delayed cross-platform projects in 3 months, cutting the backlog by 70% and restoring delivery consistency and client satisfaction.
- Led 15 developers across mobile and web projects as the primary client contact, providing technical oversight for quality and scalability.
- Restructured workflows with task prioritization and daily tracking to remove bottlenecks and speed up delivery.

Senior Flutter Developer | IDAM

May 2024 – Apr 2025

- Built scalable, responsive Flutter UIs from reusable components and translated complex client requirements into robust technical solutions.
- Optimized performance by reducing unnecessary widget rebuilds and improving rendering efficiency.

Flutter Team Lead | Code Time

Apr 2023 – May 2024

- Established coding standards for a newly formed Flutter team and architected projects with Clean Architecture for faster onboarding and delivery.
- Mentored junior developers, raising team productivity and shortening delivery time.

Flutter Developer | SmartLink LLC

May 2022 – Apr 2023

- Developed and launched NXT, a talent-development app, with Facebook, Google, Apple and TikTok sign-in.
- Increased engagement and retention by optimizing performance and fixing critical issues.

Flutter Developer | Awammer AI Shabaka

Apr 2020 – May 2022

- Delivered 15+ mobile applications with adaptive UI and strong performance, working directly with clients on tailored solutions.
